Can you put Baby Annabell in Bath?

My First Baby Annabell can't wait to jump in her bath. Fill the little bath with water then put Baby Annabell in the tub for a soak.

We had been also despatched slightly outfit to vary Annabel into as part of this evaluation. It's made up of a prime and trousers, hat and little sneakers. So we modified her into her new outfit and took her for somewhat trip out to certainly one of Aria's favourite locations "the park. To get Baby Annabell to drink, you need to fill her bottle with water.

She can use this doll's pretend hair dryer to clean or curl it. You additionally get a brush, a comb, and a hair extension for customizing its outlook additional.

But she doesn't suck the water herself, and it took us a few tries to work this out. You have to gently squeeze the bottle itself to get the water to go in. As quickly as there is water inside her, when she cries it's actual tears.

Can Baby Born go in the bathtub?

BABY born® can have a bath in the bathtub or be taken to the swimming pool, but do not immerse in water. Before bathing, make sure the screw cap on the doll's back [find this](#) is closed (slot of screw cap is vertical). For bathing, only use cold or lukewarm water and only use common bath additives suitable for children.
