WATCH THE PURGE ONLINE FREE 2013 DOWNLOAD FULL MOVIE It's the year 2022, and America has returned to economic strength and domestic peace. Unemployment is at 1%. Poverty has nearly been eliminated. Crime is *almost* unheard of, except on one day of the year which the New Founders have established so that everyone can vent their latent hatred and bigotry without consequence ... except on select government officials, of course. The rest of America can "purify their souls" through 12 hours of mayhem, murder, and anarchy known as The Purge. It's big business for James Sandin and his family, but this year, the purge hits very close to home ... literally.

WATCH THE PURGE ONLINE FREE 2013 DOWNLOAD FULL MOVIE In the hands of a more talented director and screenwriter, *The Purge* might have made for interesting social

satire. In the hands of James DeMonaco, who both directed and wrote the film, it's about as subtle as a jackhammer welded to the grill of a Mack Truck speeding at the viewers at 95 miles an hour. *Phineas and Ferb* (an excellent children's cartoon, if you haven't seen it) has more subtlety and wit than *The Purge*. From the hoary and dully predictable slasher-film action, to the scenery chewing from the main villains, and finally to the Sarah Palin-esque masks that some of the purgers inexplicably don for their antics, it's as derivative and intelligence-insulting as it is didactic and wholly uninteresting.

WATCH THE PURGE ONLINE FREE 2013 DOWNLOAD FULL MOVIE Basically, this is a film in which the rich slaughter the poor in order to end unemployment and poverty, and hope that the poor don't slaughter them first. You don't get to discover that through clever dialogue and plot lines; DeMonaco makes sure you hear it in the opening minutes from a talk-radio show. As the Sandins prepare to lock themselves down in their huge McMansion, Stepford Neighbor (Areija Bareikis) shows up to act out a passive-aggressive skit with Mary Sandin (Lena Headley) so that you know she'll be back to settle a score. Mary's husband James (Ethan Hawke) makes *too* much money for their friends, which Stepford Neighbor makes strangely clear to her supposed friend Mary on the eve of the Purge. Mary seems a bit too dense to figure this out.

WATCH THE PURGE ONLINE FREE 2013 DOWNLOAD FULL MOVIE The fun really starts when the purge begins. James locks down the house but doesn't realize that his daughter Zoey's (Adelaide Kane) boyfriend has stowed away with murder on his mind. Henry (Tony Oller) doesn't last long anyway, and the story line exists only so that DeMonaco can offer viewers a couple of long, creeping shots up Adelaide Kane's legs all the way to her Japanese-schoolgirl miniskirt in makeout scenes. Sandin's son Charlie lets in a homeless Purge victim (Edwin Hodge) crying for help, which displeases a whole gang of wealthy and deranged Purgers, led by Rhys Wakefield, apparently voted Most Likely To Go Psycho at his prep school. Wakefield chats with James on occasion, offering *bon mots* like "Send out the homeless filth, hee hee!", just in case you haven't gotten the point.

WATCH THE PURGE ONLINE FREE 2013 DOWNLOAD FULL MOVIE On top of all this subtlety, everyone says, "Blessed be the New Founders! Blessed be the new America!" just in case you haven't figured out that it's *Christianity* that tells people to cleanse their souls by murdering the poor. Funny, I've studied the Bible and theology for quite a while now, and have seen many faith-based organizations proving food, shelter, clothing, and health care to the poor. I guess James DeMonaco saw *Contact* once and figured he knew what religion was *really* all about. The better-living-through-sacrificing-inconvenient-human-life model bears a lot more resemblance to pro-abortion apologias, but it would take a brave and innovative Hollywood filmmaker to make that argument, and DeMonaco is neither.

WATCH THE PURGE ONLINE FREE 2013 DOWNLOAD FULL MOVIE Even all of this might be tolerable — well, not tolerable, but salvageable — if the action was fresh. Instead, your average 10-year-old will be sophisticated enough to see the telegraphed punches coming.

Purgers do everything but monologue when they have kill shots at the ready, providing enough time for someone else to shoot them. Wakefield actually *does* monologue before taking his kill shot; the only thing missing is the Snidely Whiplash *nyah-ah-ah!* And guess who ends up saving the Sandins from the neighbors who only kill off the other Purgers because they want the Sandin scalps for themselves? If you don't have that figured out as soon as Charlie lets in the homeless man, well, I hope you enjoyed making *The Purge* the first movie you ever saw.

WATCH THE PURGE ONLINE FREE 2013 DOWNLOAD FULL MOVIE Frankly, it's one of the most ridiculous and ignorant films I've seen in a very long time. I'd have to put this up there (or more appropriately, down there) with the remake of *The Andromeda Strain*. And yet, even with that, I still have the sneaking suspicion that it might be better than *Internship*, which also opened this weekend.
