

## Use English-Based Phonetics - *Truespel Phonetics*

It's time to switch to a simple English-based phonetic notation.

ESL learners can use it for US English pronunciation.

Kids can learn phonemic awareness easily.

ESL students prefer truespel <http://justpaste.it/koreatrials> They can read and WRITE phonetically

See <http://justpaste.it/bv1> regarding the Invisible Dragon hurting all in literacy.

See <http://justpaste.it/bv1> to see how easy it is to learn the 40 sounds of English.

See <http://justpaste.it/ayk> for youtube tutorials, especially what sounds each letter spells.

The free truespel phonetics converter is at <http://truespel.com> .

Truespel books are at <http://tinyurl.com/3v2ekzn%20> .

From Thomas E. Zurinkas, Pres of Truespel Inc.

creator of truespel phonetics, the only English based phonetic notation
