Simply Choose a Logo, Customize And You're Done!

Dear Friend,

Designing logos is plain **difficult**.

You need creativity and design skills.

You would **spend hours** trying to even think about what colors to use.

Who wants that? Would you rather spend your time on **more important tasks** in your business?

Even if you were to get a professional logo designer to design your logo, it would cost you \$30-\$100 or more. Take a look at what oDesk is "typically" charging:

I failed miserably trying to create my own logos.

Your logo represents your brand so you want to make sure you have a professional-looking logo that symbolizes your business.

I'm going to save you time and money because I've had 38 unique and original logos created by a professional designer that normally charges \$99 per logo.

Let me introduce to you...

123 Logo Kit contains 38 ready-made logos you can use for your next product or business!

Inside you're going to receive logos in a wide variety of industries. Take a look:
