

Frontistiria Thessaloniki

More than the final sixteen a long time in secondary training educational institutions elix put together our pupils for countrywide exams responsibly and consistently. [Frontistiria Thessaloniki kentro](#)

On the main of our philosophy would be the notion that pupils seek out:
one the introduction to their selection college

2 the chance to make excellent scientific studies

3 specialist way and growth

All this requires expertise, skills and expertise cultivated early. Line as a result using the requirements and demands of current activities, the colleges strand created an revolutionary instructional motion method strengthens and prepares each and every pupil for optimal efficiency on nationwide exams and thereafter, the coed and professional job.
