

Privacy Policyfor Police Radar app:

1. What information we collect

Personal Information:

“Personal Information” is information that identifies you, which may be transmitted or received when you use J4F Services. Personal Information may be: your name, telephone number, email address, physical address, calendar entries, phonebook entries, files, photos, geographical location and any other information that can identify you.

We do NOT collect any Personal Information about you.

Non-Personal Information:

“Non-Personal Information” is information that does not directly identify you or any other individuals. Non-Personal Information may be: type/model of your mobile device, Android/iOS version, language used in system, country code or information about how you use your device.

We do NOT collect any Non-Personal Information about you.

2. How we store, use and disclose information about you

As we do not collect any Personal or Non-Personal Information about you, we can't store, use or disclose it.

3. Third-party services

We may include advertisements and analytic services that may be provided by third parties (“Third Party Services”). This Policy does not apply to any Third Party Services and/or to any information collected by the providers of Third Party Services. Such Third Party Services providers have their own privacy policies and we advise you to read them carefully. We shall not be responsible for the collection, use and disclosure of your Personal or Non-Personal Information by any Third Party Services.

4. Permissions

Some of our Android mobile applications and games (collectively called “Products”) may require Internet permission and localization permission.

All Permissions are used in Products to provide best user experience. All personal and non-personal information obtained by the use of above Permissions are used only by the Products itself and are not stored, used, disclosed outside of the Products.
