***** This is NOT a joke, it is NOT up for negotiation, and it is NOT negotiable

Anything we ever say, or write on the internet/www, in private or public, through fax, through email, through ota methods, w/1, or 1+ people present, for legal purposes, is speculation (mainly, for the "name calling", but applicable to EVERYTHING, **except** our citizens arrest, and future civil suits. The citizens arrest, the *not* participating in criminal activity, and the civil suits we are serious about)
