Windows 10 -fixes:

- Enable DirectPlay in the Control Panel:

</files/justpaste/d523/a18719421/2cdab1d97319d888f9402778e5de4844.png>

'Control Panel' > 'Programs' > 'Programs and Features' > 'Turn Windows Features on or off', opening 'Legacy Components' > clicking 'DirectPlay' > Hit ok

- Enable Windows XP SP3 compatibility mode for BF1942.exe:

</files/justpaste/d523/a18719421/2238464747e37f90420c4ea9a4deeb16.jpg>

- Enable 'Run this program as an administrator' option for BF1942.exe

'Properties' -> 'Compatibility' -> 'Change settings for all users'

### III) SETTINGS IN BF1942

1. Start Battlefield 1942

2. **Do not create a new profile** - just change the player name of profile CUSTOM PROFILE

3. Set off English Dialog: Options -> Sound -> move to next page: Sound Options 2/2 -> English Dialog

4. Choose correct resolution in Options -> Video

### IV) JOIN TO THE FINNWARS SERVER

Join to the Suomi 100: Multiplayer -> Update

Show FinnWars servers: 'Custom Filter' -> 'Show all' -> 'FinnWars'

### V) EXTRA

bf-league.eu:n BF42 version contains present-day resolutions but FoV is set for 4:3 monitor.

Info: [http://www.widescreengaming.net/wiki/Battlefield\\_1942](http://www.widescreengaming.net/wiki/Battlefield_1942)

Modify FoV

1. Download FoV-file: [https://mega.nz/#!mxESgQoB!3rTh-3clqjhO6hcTsvFg5\\_Ze42DEyiJAyjgT6xPUWB4](https://mega.nz/#!mxESgQoB!3rTh-3clqjhO6hcTsvFg5_Ze42DEyiJAyjgT6xPUWB4)

2. Extract 'Settings.rar' and then extract '16 x 9.rar' (if you have a 16:9 monitor) to folder:

C:\Program Files (x86)\EA GAMES\Battlefield 1942\Mods\bf1942\Settings

(this one replaces original VideoDefault.con file)

3. Enable 'Read-only' mode for VideoDefault.con file:

'Properties' -> Attributes: stick Read-only

Add FinnWars shortcut to the Steam Library.

1. 'Library'

2. 'Add a game...'

3. 'Add a Non-Steam Game...'

4. 'Browse...' -> C:\Program Files (x86)\EA Games\Battlefield 1942\BF1942.exe
5. 'Add selected programs'
6. Click BF1942-name with right side mouse button in Library games section -> Properties
7. 'Set launch options...' -> paste:  
`+game FinnWars +restart 1 +game FinnWars`
8. Rename 'BF1942' to 'FinnWars'
9. Press 'OK' ja 'Close'

Now you can start FinnWars mod with this shortcut

If you want a shortcut to join to the server - paste code:

`+game FinnWars +restart 1 +game FinnWars +joinServer 46.246.93.31:14568`
