

## A look back at Shark Tank India's first season as it draws closer to its debut Season

[Shark Tank India](#) will wrap up its first season on 4th February. Based upon the American TV reality show with the same name has generated an enormous amount of interest among the audience. The American Tv show has already been on the air for 13 seasons with great success. Following on its success, Shark Tank India has been able to generate enormous interest in its first season itself. The show is enjoying a whopping **8.8 rating** on IMDB at present. The panel of judges and participants has turned this show into a must-watch. The audience remains hooked onto the screen since the show has all the ingredients as we see in a typical Bollywood movie. There are elements of surprise, suspense, humour, and of course, sarcasm on the show. All of these combined turn it into a perfect cocktail for viewing.
