

Get Custom Foundation Packaging Boxes at Rush Packaging

How is Foundation Box customized?

Foundation comes in different forms and is used for making your complexion fair or darker. It covers your spots and dark circles and gives you a flawless presentation. Foundations are making your skin even and play other vital roles like moisturizing your face and acts as a sunscreen. There are a pancake, liquid, powder form foundations separately designed for various skin types. For oily skin mineral-based, the light powdered foundation is recommended. While for dry skin liquid moisturizing foundation is preferred.

Foundation in pancake form was first introduced by max factor and companies are having a tough competition for sales. Countless brands supply different forms of foundations. In the early days, the packaging was not focused. Foundations used to come in unpackaged or poorly packed plastic sheets. [Custom Foundation Boxes](#) are helping companies to market their brand more impactfully for efficient sales. Foundation Boxes at Rush Packaging are made from excellent quality packaging substances.

Custom Foundation Boxes are essential to your product

Foundation Box Packaging has been adopted by most makeup brands as they are becoming a necessity for efficient sales. You can own a place in the market with these boxes and would soon become the hot sensation. The audience is well aware of competent

packaging as it is discussed by the bloggers and makeup influencers. The substandard packaging is considered to be incompetent and makes the customer doubt the quality of the product. Nobody wants their foundation to be of low quality as it could affect your skin. [Foundation Boxes](#) we make keep the foundation safely secured in the box and protects it from the adverse effects of weather and temperature. Boxes keep their shape and weight and delicate Foundation Bottles are kept protected. No dirt, impurity, or moisture can enter these boxes.

Foundation Boxes with stylish printing

Foundation Packaging Boxes are made in versatile vibrant and pastel hues. These boxes can be printed in mono-color printing, PMS, or CMYK. Printing techniques can make your brand have a box with the logo on the box. For prominence of signature, statement logos can be printed by raised ink, embossing, or debossing. Printed text can be written in several font forms and shades. Cosmetic Packaging is made captivating with colorful images and product-related visuals. Drawings and geometrical patterns can also be drawn on the box. **Foundation Boxes** are secured with AQ coating for smudge-free printing. UV spot treatment gives the box an enhanced texture. While you can make your box in favored outlook as matte or glossy by the use of the enforced lamination sheet.
