

Dallas, TX Tax Relief Services

For those in the Dallas, TX area that are looking for tax relief, look no further: US Tax Relief Agency is the firm

that you can count on to provide the tax relief you need. Unlike many other tax relief services, all our files are

handled by an attorney—not a CPA. This means that we can provide the legal tax help you need. We are a client-

focused company that maintains consistent and realistic communication with our Dallas-area clients. We can help

our clients through current tax difficulties and help them prevent other tax difficulties from arising in the future.

We offer many tax relief services here in the Dallas area. We can help you figure out what steps to take once you

have received the dreaded “Notice of Deficiency” from the IRS. We can also help you examine your options under

the IRS’ recent Fresh Start Initiative. For those who have substantial tax debt, we can help you work out a

manageable IRS installment agreement or an offer in compromise. As legal experts, we can also help you determine

if you qualify for injured or innocent spouse relief. Our “Good Standing” team can help your company handle day-

to-day tax issues so that you can focus on increasing your profits.

As a mid-sized tax relief agency in Dallas, TX, we are large enough to assist clients across the USA but small

enough to provide personalized service to each client. That personal attention is what sets us apart from so many

other tax relief agencies. Give us a call and see for yourself.
