

# Get 30% Off At Pre Roll Packaging |ICustomBoxes|

## Introduction

Pre-rolls are amazing products made up of cannabis and marijuana. These are used for pleasure. So it is really important to keep your product safe. So for this purpose, we have **pre roll packaging**. To keep it protective we have stable and durable material that keeps your product safe in any case. We have cardboard, kraft, and corrugated material but for pre-rolls, we use cardboard and kraft most commonly. These materials can be deformed in different shapes. Moreover, these [pre roll box](#) is totally eco-friendly so that you can easily dispose of them as well as reuse them to keep different products.
