

Dental Singapore

Coast Dental is a modern state-of-the art [dental clinic Singapore](#) practice situated in Singapore's heritage neighbourhood of Katong and Joo Chiat. We understand a dental visit can be surrounded by feelings of anxiety. We created Coast Dental to create a unique dental experience for you and your family, also specialist [dental Singapore](#).

Be rest assured that Dr Nijam and his team will explain all available treatment options to you. All effort will be taken to provide a stress free and pain free dental experience. Treatment fees will be explained prior to commencement of treatment and take advantage of our available instalment plans and government subsidies.

We love providing general dentistry for the entire family. Be it a first dental visit for the little ones, restorations and cosmetic dentistry for adults or full mouth rehabilitation for the elderly with dentures and implants – We are here for you! [Dental Singapore](#) to create a unique dental experience for you and your family.

As firm believers of preventative dentistry our treatments will focus on early intervention and prevention of dental diseases
