

7 amazing methods for an e-commerce business to provide 2-day Shipping

2-day shipping refers to the shipping service in which online orders are sent from the fulfilment centre to the customer's doorstep within a time duration of 2 days. Nowadays, an e-commerce firm must deliver an online order in 2 days or less as it has become the industry norm. Since this is the case, quick turnaround time (TAT) is a must for all ecommerce firms.
