How to create and login to a Business PayPal Account ?

Create and login to a Business PayPal Account

- Go to **PayPal.com** and snap "**Sign-up**".
- Select the "**Business account**" choice and snap "**Next**".
- Record your email address and snap "**Next**".
- From that point forward, make a **PayPal login** id and secret phrase.
- After that, create a **PayPal login** id and password.

Then, read all business-related arrangements and arrangements cautiously. At that point click the "**Agree and Continue**" button.
From that point forward, you will be asked some business-related inquiries, for example, federal retirement aide number, boss id number, and so forth

- At that point, enter the site address on the off chance that you have one and press the "**Proceed**" button.
- From that point forward, you will be requested some close to home data to confirm your character.
- At that point your Business **PayPal account** is prepared.
