

# Advantages of Open Air Photo Booth | LA Photobooth

There are many differences between a beauty photo booth and the latest [open-air photo booth](#).

The modern open-air photo booth in Los Angeles comes with professional image editing, photography, and creative team staff. They do everything necessary after getting your open-air photo booth idea for your event.

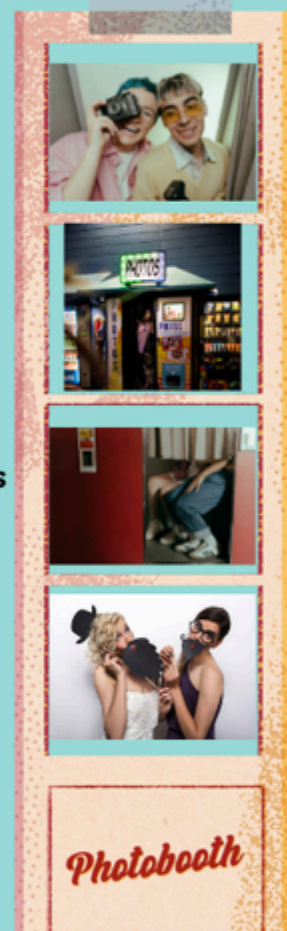

# Advantages of *Open Air Photo Booth*

**LA**  
PHOTOBOOTH

- 1** It has more space to be occupied by people than the conventional type.
- 2** A modern photo booth comes with a backdrop that is wider and opens on all three sides.
- 3** A large group in an event can pose in an open-air photo booth to take unique pictures of their presence
- 4** It has many GIFs, funny costume accessories, and themes to put on your background screen.
- 5** Images and videos taken here are portable to any internet-enabled devices with Wi-Fi to upload to social media sites and photo-sharing sites online.
- 6** Your invitees and guests will have more fun when they find others taking unique photos in an open-air photo booth and get instantly printed photos of them.

The infographic is set against a teal background with decorative wavy lines on the left and right sides. It features three black and white photographs: a large one on the left showing an outdoor patio with several large umbrellas and tables; a smaller one in the top center showing a person holding a camera to their eye; and another smaller one on the top right showing a group of people smiling and holding glasses. Below these photos is a black rectangular box containing white text. At the bottom of the infographic is a tan-colored bar with a website URL.
