

Strain Wave Reducer | SMD Gearbox

SMD Gearbox provides various range of ratios and frame sizes as per application specifications. This harmonic miniature solution has 1.8 rated output torque with 20 arc-sec backlash rate and ratio size of 50. When it comes to customized gearbox solutions, several aspects are taken into consideration:

1. Application-specific design
2. Material selection
3. Gear types
4. Size and packaging
5. Lubrication and maintenance:
6. Noise reduction and efficiency
