Biocorp Lifesciences Focus on Providing Healthcare in Chhattisgarh

No doubt that the state Chhattisgarh is developing itself by opening the various government and private hospitals for the people. Meanwhile the state of Chhattisgarh today also faces several challenges in improving the health status of the people. The problems of communicable diseases, maternal and child mortality rate and HIV/AIDS pandemic need the proper and improved and healthcare treatment.

In Chhattisgarh, there is a shortage of trained health care providers. Among the tribes of Chhattisgarh, many people are facing anemia, enzyme deficiency, hypertension, asthma problems, diabetes, etc. The infant mortality rate in the state is 48 per 1000 live births. There are quite heavy demand and the requirement for the healthcare facilities in Chhattisgarh. Therefore Biocorp Lifesciences has taken a major step to improve and provide better healthcare facilities in both rural and urban area of the state. If you also want to become the part of this mission then invest in our [PCD pharma Distributorship in Chhattisgarh](#).
