

Keep Your  
**HOME SAFE**  
Let The  
**CARPET CLEANING**  
Newport Beach Services  
Help You

Carpets are magnets of everything and if you have one at home, it is best that you make sure that you can maintain it

For as long as your carpet stays inside the home or the office, it needs to be constantly maintained so that everyone within the room remains safe.

You don't just buy a carpet and leave it as it is until you plan on buying another one

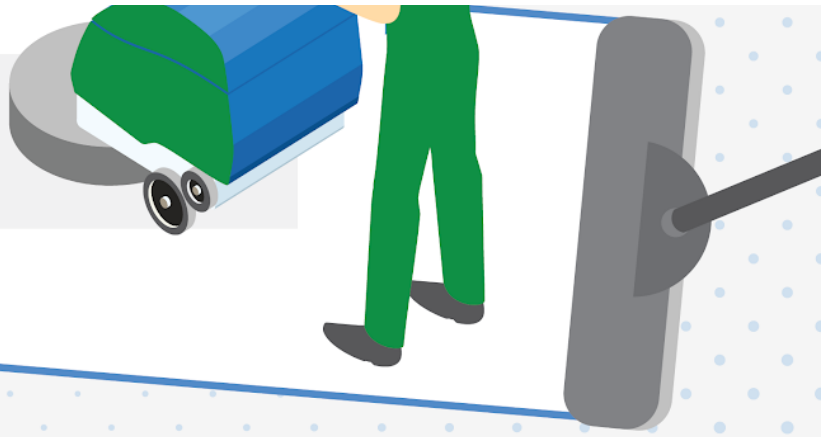

## What Are The Things That You Need To Be Aware Of When **OWNING A CARPET**

There are many reasons why you need the help of  
**carpet cleaning**  
Newport beach services

Knowing certain statistics of what your carpet goes through may help give you light on how thorough cleanliness matters.

An average home in the US can collect around

**40** POUNDS  
of dust each year

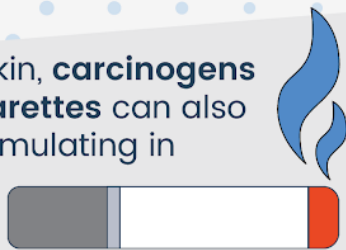

Most of these dust are **skin flakes** which is shed by humans on an average of

**1.5** MILLION  
flakes per hour

Other than skin, **carcinogens** found in **cigarettes** can also end up accumulating in your carpet
