

How to make a rebar Bender-Aaron Accessories Pte Ltd

when we started thinking about this project and about the process of designing and building a house i knew that i would be working hard. i was looking forward to the hard work, i was excited to learn everything i could, what i didn't realize i would be doing is cutting and **Rebar Bender**. i didn't really understand how one little person could bend steel without the use of a machine, but now i get it.
