

# Financial Aggregator In India | Camsfinserv

[Financial aggregator in india](#) - For the Financial Information Users (Lenders, NBFCs, Portfolio Managers etc) the access to authentic data from the original source in an encrypted manner, easy and paperless verification of financial assets via data shared in a machine readable format, accurate and faster assessment of data and a resultant lowering of customer dropout rates are some of the few benefits.

The screenshot shows the CAMSfinserv website homepage. At the top, the CAMSfinserv logo is on the left, and navigation links for BUSINESS ENQUIRY, SIGN UP, and LOGIN are on the right. Below the header, there are logos for Axis Bank and HeroFinCorp. A horizontal menu contains five items: CAMSfinserv Platform, Individuals (highlighted with a green border), Financial Institutions & Businesses, Why CAMSfinserv?, and About CAMSfinserv. Below the menu is a process flow diagram with four steps: Account Discovery, Linking Accounts, Authorization, and Financial Information, all connected by arrows. The diagram is labeled 'CAMSfinserv Platform' at the bottom. Below the diagram, there is text explaining that AA empowers individuals to access and review their financial information across institutions in one place, and that customers can link their accounts and get detailed statements. A button at the bottom says 'Unlock the power of financial asset information'.
