Manchester City had an interview with Elling Holan ahead of the match against Liverpool on Sunday . "I wanted to improve with Pep Guardiola," Holan said.

Last season, Manchester City was the world's best team. It won the English Premier League, the FA Cup, and the UEFA Champions League, completing the treble. Holan's performance was the main contributor.

Hollande became the top scorer in the league with 36 goals and eight assists. At the same time, he was the player who scored the most offensive points in the league. He also contributed to his team's championship by scoring four goals in three matches at the FA Cup in England. He was the top scorer with 12 goals at the UCL.

He has displayed good performance in this season as well. He played in 32 matches and made 29 goals and six assists. However, his goal-getting ability is not as good as his chance. According to the "Sophah Score," Holan (40 times) is the most missed big chances among the strikers in the five major European leagues.

Still, he is recovering his form. In the last FA Cup fifth round match against Luton Town, he scored five goals alone, spearheading his team's landslide victory. He also scored a goal in a match against "rival" Manchester United. In the second round of the last 16 UCL, he scored a goal against Copenhagen, marking his third consecutive game.

"This game is going to be amazing," Holan said. "We have a lot of good games waiting for the next few months. We play soccer because of these games. They (Liverpool) have great players, too. We have a lot of good players, too."

"You have to be brave and ready when you play. We will try to beat Liverpool," he said. "I am trying to help the team. We are still in three competitions. It is fantastic and the most important thing."

Holan talked about Kevin De Bruyne, who has recently returned from injury and has been playing hard. He said, "De Bruyne is a fantastic soccer player. Everything is great with him. It's fun to play with him."

Hollande praised Guardiola, who is leading Manchester City, saying that it was the biggest reason for the move. He said, "It's fantastic. The way Guardiola looks at football and the way he works every day is really special. It's a lot of fun working with him and experiencing it every day."

"It's amazing to see what Guardiola has done since he came to Manchester City. The way he developed football is unrealistic. It was the main reason I wanted to come to Manchester City. I wanted to work with Guardiola and develop as a soccer player," he said.
