

Make The Most Of Your Networking Events With These 13 Tips

Follow Up

Knowledge acquisition and retention are usually a matter of personalized preferences; however, even those personalizations can generally benefit from follow-up. In this particular instance, it could be as simple as an email follow-up that includes a summary of the discussion combined with asking for feedback. The method is not as important as the gist of reaffirmation of such knowledge. - [Kamyar Shah](#), [World Consulting Group](#)
