

# Work Constantly to Provide for the Needs of the Poor | Dr. Suresh Borole

[Dr. Suresh Borele](#) has consistently held the view that we can only win humanity by helping others. So, our spirit creates our humanity, and our humanity creates our spirit. To provide healthcare and foster an environment where poor people could learn about health issues, they held free medical camps. Numerous thousands of underprivileged individuals attend health camps in cities and rural areas.

# Pre-Medical Camp Organized by the Social Worker
