I've started a new topic for the Blog, thanks to several Tweeter friends

The first word of this thread is.

Solipsism – a theory holding that the self can know nothing but its own modifications...

5 TIPS

TO START A START UP CULTURE

1

KNOW YOUR MISSION

Before you can do anything, you must have a clear and well-communicated mission statement to make sure your culture aligns to it.

2

FEEDBACK IS IMPORTANT

Lip service is not going to get you anywhere. A company's greatest assets are its employees. Listen to them. They're on the front lines of your business and can offer a unique perspective.

3

RESPECT EVERYONE

More than just listening, you must respect employees as you would customers. They should help steer the culture.

4

ADJUST YOUR OFFICE SPACE

Where you work is as important as how you work. That space must reflect the goals of the company and the culture in which the business works.

5

MODEL FROM THE TOP

Management must always be improving on the office culture and should adhere to it as they expect employees to do.
