

## alli Weight Loss Aid Diet Pills 4Pack (120 Count)

alli (orlistat 60 milligram capsules) is your smart edge for weight loss. Its the only FDA-approved over-the-counter weight loss aid. Orlistat, the active ingredient in alli, is a lipase inhibitor and works by binding to specific enzymes that break down fat. As a result, about 25 percent of the fat you consume is not absorbed and passes through the digestive system. Since the calories associated with this unabsorbed fat are not used, the number of calories that enter your system is reduced. You're ready to start your weight loss journey with alli by your side. alli (orlistat 60 milligram capsules) is a weight loss aid for overweight adults, 18 years and older, when used along with a reduced-calorie and low-fat diet. Follow label directions.

Make sure this fits by entering your model number.

Helps block about 25 percent of the fat you eat from being absorbed

Only FDA approved OTC weight loss aid
