The greatest portable air purifier is the Philips Series 3000i AC3829.

Meaco MeacoClean CA-HEPA 475 is said to be the finest option for a bedroom air purifier. Air purifier by Alen BreatheSmart Classic Large Room. True HEPA Allergen Air Purifier by Honeywell. Air purifier Molekule. Compact Levoit Air Purifier AP-1512HH Coway Mighty is a powerful, economical, and effective air purifier. Simply said, HEPA filters capture airborne pollutants in a complex web of fibers. This may happen in one of four different methods, depending on the particle's size: inertial impaction, diffusion, interception, or sieving. By using inertial impaction and sifting, larger pollutants are contained. When the particles hit the fibers, they all get caught while attempting to pass through the fibers.
