

# Keynotes of Apple Event 2020: All Apple Have in-Store for its Users

The first-ever virtual Apple event 2020 had great products in store for Apple users. Highlighting products are 2 Apple watches, 2 iPads, Apple one fitness. One of the astonishing features is blood oxygen monitoring on the top model and the lower-cost model is named SE. There are many more exciting features for the users and the iPhone app developers.
