

haram necklace designs

View, Customise & Buy [haram necklace designs](#) Online.

Take time for the little beauties of everyday life this season and decorate yourself with this supreme design.

The Long haram design set is made with silver and CZ diamonds. They are made by craftsmen who make real jewelry. Therefore, these jewellery pieces have top class finishing. They are very good for traveling purposes & destination weddings. Avoid getting stuck at customs with these types of jewelry. These can be left just on your dresser or side table, without having to worry about locking them up.

All our pieces are made with silver & lab-created diamonds by CZ stones. This particular piece is finished with 18K gold polish, which delays tarnishing for 2-3 years.

These Long haram designs are made in silver so it might tarnish over the years. We advise our customers to keep the jewellery away from direct contact with water, and wrapped in soft cloth when not wearing.
