The Android Market app is supplied as standard on all compatible Android smartphones. The app can be found in the 'All Apps' menu that is found on the bottom left with the HTC Rhyme's homescreen. If you have scrolled over the apps to discover the Android Market shortcut (this could be positioned on the homescreen for convenience) simply tap it to open. When opened, the homescreen with the Android Market will show up, presenting promoted content like movies and premium games titles. There are also shortcuts to apps, books and movies, that readily available for download on the handset.

Tap the apps shortcut, and you'll be come to the apps homepage where again, promoted apps will likely be displayed. You can then swipe your finger in all directions from directly to left so that you can investigate top paid apps. Repeat this action and are assigned the very best free apps. From the homepage you can even swipe from directly to left where you will be come to a categories menu, to browse apps by category. There are numerous from which to choose and once a person selected, it is possible to swipe left or right to look at the most notable paid, top free and top grossing apps within that category. It is possible to scroll down or up to watch them to be able of recognition, or touch the magnifier icon on top directly to find a specific app title or keyword, in which you will be offered an on-screen Qwerty keyboard to input the title with the app you would like.
