

What is e-gold investment?

E-Gold is a modern way of [buying gold](#) & storing it digitally until you need a physical delivery.

What's in for you?

Just like e-commerce companies eliminate middlemen to offer the best rates to end consumers, digital gold investment is beneficial to you because it is directly from the gold bullions.

Other than that

It's Easy & trackable

Fantastic features like Gifting & SIP.

Offers like equal weight of silver free on purchase of gold, Rs.100 worth of gold on download & free delivery

(as of now)
