

Best ADHD treatment in India

Hyperactivity is a sign of Attention deficit hyperactivity disorder (ADHD). Most children have such moments when they have extra energy. But how often do you need to tell your child to slow down or stop interrupting.

So children need proper ADHD treatment to overcome this problem. We at IIAHP Therapy Center provide Best ADHD treatment for hyperactive children of age group 2 to 17 years old.

👉 Home programs For ADHD Treatment are also available for distant/foreign parents.
