

# End of year report (2018) about Mujahideen progress and territory control:

## The Year of Collapse of Trump's Strategy

2018 was a year that began with intense bombardments, military operations and propaganda by the American invaders but all praise belongs to Allah, it ended with the neutralization of another enemy strategy.

The Mujahideen defended valiantly, used their chests as shields against enemy onslaughts and in the end due to divine assistance, the invaders were forced to review their war strategy. This report is based on precise data collected from concerned areas and verified by primary sources, leaving no room for suspicious or inaccurate information.

In the year 2018, a total of 10638 attacks were carried out by Mujahideen against invaders and their hirelings from which 31 were martyr operations which resulted in the death of 249 US and other invading troops and injuries to 153 along with death toll of 22594 inflicted on Kabul administration troops, intelligence operatives, commandos, police and Arbakis with a further 14063 sustaining injuries.

Among the fatalities 514 were enemy commanders killed and eliminated in various attacks across the country.

During 2018 a total of 3613 vehicles including APCs, pickup trucks and other variants were destroyed along with 26 aircrafts including 8 UAVs, 17 helicopters of foreign and internal forces and 1 cargo plane shot down.

Moreover, a total of 29 district administration centers were liberated by the Mujahideen of Islamic Emirate over the course of last year, among which some were retained and others abandoned for military and strategy reasons.

**This year a total of 61 districts along with their administration centers were in the complete control of Mujahideen, the names of which follow as:**
