- The TOGAF Standard, a standard of The Open Group, is the open Enterprise Architecture standard used by the world's leading organizations to improve business efficiency. The Open Group TOGAF Certification Program has enabled more than 70,000 Enterprise Architects and

trainers around the globe to demonstrate their proven knowledge of the framework.

- Preparation Tips for TOGAF 9 Foundation:<http://success-story-togaf9.blogspot.com/2018/05/how-i-did-my-preparation-for-togaf.html>

The TOGAF 9 Certified qualification is achieved through passing two exams, following a course of self-study or attendance within an Accredited Training program. There is also a newbie qualification, TOGAF 9 Foundation, that is achieved by passing the initial exam. The TOGAF 9 certification program refers to the 9.x releases in the TOGAF Standard. The current syllabus for all those accredited courses will depend on the TOGAF Standard, Version 9.2. For folks and trainers which keep up to date or specialize in a particular area, the certification is supplemented with a amount of TOGAF Credentials which lead to the award of Open Badges.

The Open Group TOGAF 9 Foundation certification is:

- Used by the world's leading enterprises to certify a common body of core knowledge about the methodology and framework.
- A trusted, vendor-neutral, globally recognized and portable credential.
- Valuable in demonstrating to employers and peers your commitment to enterprise architecture as a discipline.
- An outstanding career move and a foundational certification in the career of any Enterprise Architect.
