

AARP or American Association of Retired Persons is a non-partisan, non-profit American organization based in Washington, DC. The organization works to meet the demands and needs of middle-aged and older adults in America. Anyone over the age of 50 www.myaarpmedicare.com login can become a member of AARP, whether they are still working or retired.

What is AARP Medicare?

AARP's full Medicare providers provide comprehensive health insurance coverage to AARP members. The insurance is provided in partnership with United Insurance Company and therefore the service is also called AARP United Healthcare Providers.
