HD2x12: Longmire Season 2 Episode 12 Watch Online Free So much awaits us on this year's trip and Bad was just for starters. Clearly, it's going to be an interesting year in Louisiana. Welcome, viewers, to our recap of the first of three of ! Where "conscience off, dick on" might as well be your viewing instructions. (Unless you don't have a dick, of course. Or a conscience.)

HD2x12: Longmire Season 2 Episode 12 Watch Online Free When we last left our gang of intrepid hot people, killed Maryann (finally) and drank some of 's in the process, broke up with and started eating truckers, tricked into sucking his and then spent the rest of the standing around being attractive, shot Eggs (finally!) and cried a lot, and got kidnapped shortly after proposing to Sookie. HD2x12: Longmire Season 2 Episode 12 Watch Online Free Someone on the writing staff must have realized that really didn't have anything to do last , because he's been the center of all the action so far. He's also been surprisingly bad, quickly escaping his kidnappers, feeding off an old lady while remaining a Southern gentleman, and even getting into a werewolf fight scene! (though we don't get to see that until next week.) After the show literally had nothing for to do last other than argue with Lorena, I began to wonder whether he would be written off. Which would be terrible, because 's bowl cut and "Southern" accent are the largest source of unintentional humor on the show. Fortunately the issue seems less with as a character, and more with giving him something HD2x12: Longmire Season 2 Episode 12 Watch Online Free interesting to do. 's perpetual scowl makes more sense when he's in actually dangerous situations, and his unflappable Southern gentleman attitude is more interesting when he's politely feeding off old women or coldly informing his kidnappers of his impending death. From this , at least, it seems like the writers have finally got a handle on , and I think it may require keeping him away from Sookie.
