

# MS Office 2019 Plus vs. MS Office Home and Business 2021

Microsoft Office is a popular suite of productivity software that millions of people around the world have used for decades.

With new versions released periodically, it can be confusing to choose between the various options available. In this blog, we will compare two popular versions, [Microsoft Office 2019 Plus](#) and Microsoft Office Home & Business 2021, to help you make an informed decision.

MS Office 2019 Plus is a standalone version of the software suite that includes essential applications such as Word, Excel, PowerPoint, and Outlook. It is a perpetual license, which means you pay a one-time fee to purchase the software and can use it indefinitely without any monthly or annual subscription fees.

In conclusion, choosing between MS Office 2019 Plus and MS Office Home and Business 2021 depends on your specific needs and preferences. MS Office 2019 Plus is a standalone version with a one-time investment.
