Hasgard - Cor Tauri ... as you are a automaton from the time of mythology ... and you have protected Crete for thousands ... no, tens of thousands of years, according to your duty, ... I will show you a determination that can be part of this story!

Page 3

Hasgard - but hitting it with the great horn and with the titan's break turned out to be.... useless!

Celintha - Master!

Page 4

Celintha - But what?

Retreat, celintha. I understand that Cor Tauri is important to you, but ... the world needs him, too. Sealing the giant on Etna as well is to protect you. now I understand ... my mission is to convince you!

Celintha - Is that not a little stupid?

Page 5

Hasgard 0 Yes. That's the stupidity of the elders. but you do not know, celintha..... even if you only see the egoism in my acts, I do not care ... because all this is to open a path to the future, one in which you can live !!

Page 6

What?!

Page 7

Hasgard - That even my Gold Cloth can not protect ... incredible ... but yes the soul of your heart is the zeal of zeus! the blood and the lightning of zeus run through your blood?

Cor Tauri 0 Miss.... eu... europa

Hasgard - these lightning bolts are the source of your power, Cor Tauri?

Page 9

Celintha - No ... it's leaving his body because of his age!

Hasgard - What?

Celintha - The deterioration of my master's body has increased with time. And now he can not control the lightning! He was very aware of it so he tried to live in peace for a long time, to protect us from it.

Page 10

Although the children are ... able to see what is happening ... but he always protected us in

Crete. That's why I'll forgive you ... let him stay in Crete and take care of Europe until the end!

Hasgard - what?!

Page 11

celintha - Hasgard !!

Hasgard - So he just wants to end his days in peace here? Is that what you really want, Cor Tauri?

Page 12

Hasgard - Gah.... it'shot

Page 13

Hasgard - What a tremendous pressure! Your body is so hot it's red! The lightning in your heart, that from the supreme god, has incredible power! This is a true guardian of the mythological age!

Cor Tauri - But Cor tauri ... protect crete ... miss ... europa children of.... miss europe the legacy ... the land miss ... europe ... everything ...

Hasgard - did you know

Page 15

Hasgard - I feel your voice through this power like an old star express your last wish ... before using your last strength! You just repeat the same things ... how do I reach you?

Page 16

Hasgard - Am I just a dwarf facing the weight of your story? I have to shake your heart so fight me! In that case I also have to ... become a giant star!

Page 17

Hasgard - Take this, Cor Tauri! This is the bull's fist! Great horn!

Page 18

Hasgard - A bright bull of light who is this? Zeus!

Page 19

Celintha - Hasgard! Are you ok?

Hasgard - My attack ... worked? The blood of Zeus that flows across the earth to create earthquakes if you go back to using the new ichor, this place will be totally destroyed!

Page 20

Cor Tauri - the old europa the memories are coming back ... in this heart that cries my memories more reaches

Page 21

Cor Tauri - You gave me my first flowers.

Europe - CorTauri. I can feel my beloved zeus all over your body ... thanks for everything. You protected me and my children. even though I am a person who can not return to Olympus.

Page 22

Cor Tauri - Daedalus built me with this function. It is useless to say thank you.

Europa - You're really very dedicated to your work. In this case, we welcome zeus and Daedalus.

Mom, minos pulled my hair!

Minos - Liar! Your hair caught on a branch!

Europa - Come on, do not fight!

Page 23

Europa - Cor Tauri, you may be a automaton created by Dedalo, but ...for me....You are part of my family. And one of my children.

Cor Tauri - Part of your family? An automaton like me?

Page 24

Europa - But of course! You've protected us for a long time, Cor Tauri.

Cor tauri - but ... time has its course, you disappeared ... and your descendants are scattered throughout the world. Or is it you, Miss Europa?

Page 25

Cor Tauri - Where are you?

Hasgard - Color Tauri! stop losing yourself! You never stopped protecting the children ... since the time of mythology, right?

Page 26

Celintha - Hasgard ... did he use his own body as a shield to protect me? Enough, stop fighting ... before ... you get hurt ...

Cor Tauri - Forgive me...everyone...

Hasgard - Cor Tauri?

Cor Tauri - Miss ... europa... my body is in ruins ... my ichor is out of control....

Page 27

Cor Tauri - And I have ... lost my big body ... and my fist ... it wasn't enough ... to protect you and your ... descendants ... I want ... to protect you ... and the family to which I belong. ...

Page 28

Hasgard - In that case, protect the world, Cor Tauri! Because there is nothing to lose! Fight alongside me! Help me protect the world, Cor tauri! Do you suffer for this duty? And the memories of those powers ... because of all those thousands of years! What does 'help' mean? What can I do for you?

Page 29

Hasgard - I'll help you endure this duty for a moment!

Cor Tauri - My body ... feels relieved ... this man ... is bearing all this burden with his own body ... to save my body?

Page 30

Cor Tauri - how stupid

Page 31

So, what are you going to do? I refuse! What will become of us?

Cor Tauri - I'm sorry.

but ... why right now? Can not you stay here and live in peace?

Cor Tauri - That is impossible.

Page 32

Master!

Cor Tauri - Basically, I was created to protect Europa ... and her children. I will do this duty to the end. that means that I will protect them too.

but!

Celintha - Do not you think it would be better our master do what he wants?

Celintha!

Celintha - we did not know it would not be any other way? Have not we learned many things since we arrived?

Page 33

Celintha - And now I understand ... you're like a lost child ... you just found your way home, right? but if it's possible

Page 34

Celintha - I want you to remember that you also have a home here with us ...

Hasgard - protecting children is very difficult ilias ... but

Page 35

Hasgard- but now

[Mount Enta]

Hasgard - The mountain is taken by an evil cosmos. The resurrection of a giant is right!

Cor Tauri - is it Typhon?

Hasgard - Yes. This is problematic, but

Page 36

Hasgard - We can only move forward ...
