

How to make a great dating profile in Zing?

It's a very intimidating task to create a good online dating profile. It's not easy to overemphasize yourself without sounding narcissistic, egotistic or, even worse, despairing. It's all about how you introduce yourself to people in a way that makes them want to learn more. Do you know that almost one in three couples now find love online? Through [online dating apps](#), social platforms, messaging platforms, the reach of people has increased to all over the world and people are finding their love online as well through these platforms. In this fast-track world, people are using the Internet to order food,, to find a baby-sitter, to find jobs, to keep in touch with old school friends, all sorts of purposes. It seems logical that people will also use the Internet for finding that special someone.

We have developed the [Zing_Dating_app](#) with love so you can find your perfect partner & begin your beautiful love life. In this app, you can find new friends and communicate in real-time via one-to-one live video and chat, send gifts to each other, and much more!
