

Upgrade Your Offline Store To E-Commerce Store

The advertisement features a large, diagonal, metallic-looking pipe that divides the background into a blue left half and a light blue right half. On the left, under the 'OFFLINE' label, is an illustration of a small blue storefront with a red and white striped awning. A person in a red shirt and blue pants is pushing a shopping cart filled with colorful bags. On the right, under the 'ONLINE' label, is an illustration of a smartphone acting as a storefront. The phone screen shows a 'SHOP' interface with a clock at 23:55, a weather icon, and various shopping items like a handbag and shoes. A '24h' sign and a '70% OFF' tag are also visible. At the top center, the 'Seawind' logo is displayed with the tagline 'Regeneration of Web Services'. Two red banners with white text are positioned horizontally: 'E-Commerce Application Development' on the upper right and 'Upgrade Your Offline Store To E-Commerce Store' on the lower left. The bottom of the ad is a dark blue bar containing contact information.
