

# Traveling To Scotland With My Friend Peter

My uncle stays in Scotland and I planned to visit my uncle's place with my friend Peter. So, I started searching for an airline company that has the best customer service team. I discussed this with my friend and he suggested me to book flight tickets from [United Airlines Reservations](#). As per his suggestion I booked flight tickets from this airline and I was happy because when I wanted to know the flight status their customer service team provided me detailed information without any hassle.

Our flight date was on 19th September and when we boarded the flight on that day, the cabin staff guided us about when to wear the seat belts and also all the necessary information that can be used while flying. The services were great from them and we both enjoyed flying to Scotland with this airline.

We reached on time and my uncle did not have to wait for long to receive us at the airport. Uncle was very happy to meet me and my friend and we headed towards home to have some delicious meals that Aunt Marie had prepared for us.
