

# EGG FREEZING IN CHENNAI

## Egg Freezing in Chennai: Understanding Success Rates, Risks, and Options at EVA Fertility Center

Considering egg freezing in Chennai? Here's a comprehensive guide to help you make informed decisions at [EVA Fertility Center](#), located in OMR, Madipakkam, and Velachery.

### **Success Rates and Risks:**

Egg freezing success rates depend on various factors, including age at freezing and individual ovarian reserve. While success stories abound, transparency is crucial. At EVA, you'll receive personalized estimates based on your unique profile.

#### **Success:**

Pregnancy rates per thawed egg: The average national live birth rate per thawed egg in India is around 5-10%. However, individual results may vary.

#### **Age matters:**

Younger women (under 35) generally have higher success rates.

#### **Risks:**

No guarantee of pregnancy: Frozen eggs don't guarantee future pregnancy.

#### **Medical risks:**

The egg retrieval procedure, involving hormonal stimulation and egg collection, might have minor side effects like bloating or discomfort.

**Genetic Testing:** EVA offers optional genetic testing on frozen eggs to identify potential genetic

disorders. This empowers you to make informed choices about embryo selection and future family planning.

### **Egg Freezing Services at EVA:**

*Comprehensive consultations:* Experienced fertility specialists guide you through the process, addressing your concerns and tailoring the plan to your needs.

*Advanced technology:* EVA utilizes state-of-the-art vitrification methods for optimal egg preservation.

*Personalized plans:* Treatment protocols are individualized based on your age, ovarian reserve, and overall health.

*Ethical practices:* EVA adheres to strict ethical guidelines and transparent communication at every stage.

The advertisement features a pink background with a geometric pattern. On the left, there is an illustration of a woman with dark hair and a blue face mask, wearing a light pink lab coat, standing behind a pink reception desk with a large white cross on it. Behind her are shelves with various medical supplies. To the right of the woman, the text '500 OFF' is written vertically in large, white, bold letters. Further right, the EVA logo is displayed, consisting of a circular icon with a woman and child, followed by the text 'eva' in a stylized font, and 'IVF & Women's Centre' and 'Fertility | IVF | Laparoscopy' in smaller text below. Below the logo, the text 'ON SEMEN ANALYSIS' is written in large, bold, pink letters. At the bottom right, there is a small illustration of a clinic building with a red and white striped awning and a red cross on its side. Below this illustration, the website address 'www.evaivfchennai.com' is written in a small, dark font.

### **Additional Services:**

*Social freezing:* Preserve your fertility for personal reasons like career aspirations or delayed parenthood.

*Embryo freezing:* Consider freezing fertilized embryos for future implantation attempts.

*Oocyte preservation:* This term signifies egg freezing, a valuable option for women facing medical conditions impacting fertility.

*Cost of Egg Freezing:* The cost at EVA varies depending on individual needs and chosen procedures. They offer consultations to discuss personalized costs and financing options.
