In Court, none of the Council Officers could explain what 5G is; and their leading Government expert refused to attend the Court hearing. In conclusion, the Judge refused to gag Mark, stating:

“The public have a right to know.”

Mark Steele, a 5G campaigner, has been highlighting the dangers of a secret 5G rollout by Gateshead Council where residents are complaining of increased illness and Cancer in the affected area. 5G arrays on new LED lampposts emit Class 1 Radiation frequencies and should be treated as a danger to the Public.

The Judge declared Mark Steele as a credible expert and engineer on EMF and GSM technologies, which proves Gateshead Council are liable for corruption, misleading the public, making people ill and attempting to discredit Mark Steele and all others such as Smombie Gate fighting 5G rollouts.

Judge REFUSES to gag anti-5G street light campaigner, stating: 'The public have a right to know'
