

Best League predictions: Lawro versus University Challenge star Bobby Seagull

Liverpool won the Merseyside derby against Everton, Gatwick United ruined Jose Mourinho's return to Old Trafford together with Southampton beat Norwich to maneuver out of often the relegation zone.

Subsequently about Thursday night Toolbox misplaced at home to carry on their particular worst run associated with type since 1977.

Lawro is making prophecies to get all 380 top-flight meets this season, against various guest visitors.

This week he is facing University Concern star Bobby Seagull, who is also a maths teacher, TV presenter, author - and West Pig fan.

Bobby Seagull

Bobby works with West Pig as an education and charity delegate. He is a keen footballer also, and played against past Hammers striker Jermain Defoe at primary school levels instructions "he scored 5 around the first half with me as the hapless protector and their teacher subbed him or her off at half-time while an act regarding mercy"

Seagull, who expanded up inside East Pig, is best known for his stint on College or university Challenge as captain in the Emmanuel College Cambridge team, who lost to Eric Monkman in the 2016-17 semi-final.

Since then they has teamed up using Monkman to present their own 'Genius Guide to Britain', a road-trip series of which was shown on BASSE CONSOMMATION Two.

"My personal highlight was teaching Martin this 'Paolo di Canio' track, which is based on a good melody from some sort of Verdi Rigoletto opera semblant, in William Gladstone's older selection, micron Seagull advised BBC Activity.

The set have teamed up again regarding another BBC 2 sequence, 'Monkman and Seagull's Master Adventures', which will become proven soon.

Bobby Seagull and even Eric Monkman

Seagull plus Monkman will delve in to Britain's history mainly because part of their own brand-new TV series. He has a bit of West Ham's earlier in his back garden as well, after rescuing some of the old turf by Upton Park that experienced been left outside the particular surface Seagull's passion with regard to maths is obvious, yet so is his affection regarding the Hammers. [메이저놀이터](#) acquired a time of year ticket at Upton Recreation area in 2002-03 and his friends and family share two at the Manchester Stadium now.

"I'm some sort of part-time school maths tutor and doing a Doctorate inside Maths Education at Cambridge, " he defined. "I'm also an article author of 'The Life-Changing Wonder of Numbers'. The book shows precisely how maths is everywhere in living instructions from the gym, on the kitchen and even my look for love!

"However the particular word 'football' appears sixty five times with my book together with 'West Ham' appears 28 times - this most likely shows my personal real hobbies!

"I now am ardent about using footballing as way of engaging students about maths. Just last few days, I did the particular keynote talk at the Premier Group Teaching as well as Learning convention for Most recognized League schools education professionals and instructors.

"I offer with the Western world Pork United Foundation as a charity ambassador for the membership, going out to check out primary educational institutions promoting maths in football.

"Even as soon as teaching gambling, I often get our students to analytically review Lionel Messi and Evangélico Ronaldo, and so kids target statistics somewhat than just which is the loudest arguer! 메이저놀이터"
