

producer opleiding

producer opleiding

Pro Audio Education NL has been active in the Netherlands since the early 90s in training and guiding audio talent by providing music production courses and training for beginners and (semi) professionals. Our goal is to offer No-Nonsense courses that meet the needs and requirements of the student and music industry. Our courses are suitable for beginners and (semi) professionals who work or wish to broaden their field as Music Producer, mastering, mixing engineer or as Sound engineers.
