

A Web & Mobile App Fitness Solution

Client satisfaction is what we always strive to achieve. We are happy to share our latest creation – a multi-vendor #web & #mobileapplication for our esteemed client Athlexa. Witness our commitment to cater to a worldwide clientele at <https://www.webguru-india.com/portfolio/mobile-apps>

The graphic features a bright orange background. In the upper left, the text 'Our Happy Client' is in a bold, sans-serif font. Below it, 'A WEB & MOBILE APP' is written in large, white, bold letters, followed by '360° Fitness Solution' in a smaller, white font. A tablet and a smartphone are shown overlapping. The tablet displays a website with a woman in a yoga pose, the text 'YOGA IS NOT A WORK-OUT IT IS A WORK-IN', and a grid of fitness icons. The smartphone shows the Athlexa logo. In the bottom right, a muscular man is shown from the waist up, holding two dumbbells. The WebGuru logo is in the bottom left corner.
