

# MTOR Inhibitors Market Report 2021: By Key Players, Type, Share, Analysis and Forecast 2021-2027

The global mTOR inhibitors market is anticipated to grow at a significant CAGR during the forecast period (2021-2027). An mTOR inhibitor is also known as the mechanistic target of rapamycin or a mammalian target of rapamycin inhibitors. These inhibitors perform their function by blocking the action of the mammalian target of rapamycin, a protein kinase. Regulation of growth factors, angiogenesis, and activation of cell growth are some key functions performed by mammalian targets of rapamycin (mTOR). Additionally, the mTOR inhibitor is known to exhibit immunosuppressant and anti-neoplastic properties.

The rising prevalence of cancer is one of the most dominant factors for the market. The demand for mTOR inhibitors is increasing significantly owing to regulating enormous biological processes that include aging and cellular life, among others. This factor will create lucrative growth opportunities for the market. Furthermore, the demand for mTOR inhibitors is growing at a significant rate with the growing instances of organ transplant as it causes alteration in metabolic function and a sudden increase in cell growth.

Some market players including Novartis AG, Hikma Pharmaceuticals PLC, Par Pharmaceuticals, and others have been adopted various strategies to boost the global mTOR inhibitors market. New product launches, and mergers & acquisitions, among others, are some key strategies that are adopted by key vendors to sustain in the global market. For instance, in 2020, the research and development process of NVP BEZ 235, a type of mTOR inhibitor is in the 2nd phase of clinical trials and is anticipated to launch during the forecast period after approval from regulatory bodies. This product is designed to treat various types of cancer including breast cancer, lung cancer, and colorectal cancer among others.

## **Market Coverage**

- The market number available for – 2020-2027
- Base year- 2020
- Forecast period- 2021-2027
- Segment Covered-

o By Indication

- o By Product Type
  - o By Route of Administration
  - o By End-User
- Competitive Landscape- Novartis AG, Hikma Pharmaceuticals PLC, and Par Pharmaceuticals, among others.

### **Key questions addressed by the report**

- What is the market growth rate?
  - Which segment and region dominates the market in base year?
  - Which segment and region will project fastest growth in the market?
  - How COVID-19 impacted the market?
- o Recovery Timeline
  - o Deviation from pre-COVID forecast
  - o Most affected region and segment
- Who is the leader in the market?
  - How players are addressing challenges to sustain growth?
  - Where is the investment opportunity?

### **Global mTOR Inhibitors Market Report Segmentation**

#### **By Indication**

- Organ Transplant
- Oncology
- Others

#### **By Product Type**

- Afinitor
- Rapamune
- Torisel
- Zortress
- Others

#### **By Route of Administration**

- Oral & Parenteral
- Others

#### **By End-User**

- Hospitals
- Specialty Clinics
- Others

## **MTOR Inhibitors Market– Segment by Region**

### **North America**

- United States
- Canada

### **Europe**

- Germany
- United Kingdom
- France
- Spain
- Italy
- Rest of Europe

### **Asia-Pacific**

- China
- Japan
- India
- Rest of Asia-Pacific

### **Rest of the World**

- Middle East & Africa
- Latin America

### **Company Profiles**

- Novartis AG
- Hikma Pharmaceuticals PLC
- Par Pharmaceuticals

### **Reasons to Buying From us –**

1. We cover more than 15 major industries, further segmented into more than 90 sectors.
2. More than 120 countries are for analysis.
3. Over 100+ paid data sources mined for investigation.

4. Our expert research analysts answer all your questions before and after purchasing your report.

### **About Orion Market Research**

Orion Market Research (OMR) is a market research and consulting company known for its crisp and concise reports. The company is equipped with an experienced team of analysts and consultants. OMR offers quality syndicated research reports, customized research reports, consulting and other research-based services.
