Hose reel drums and hose reels are the best types of fire safety equipment. Hose reels are used to store and deploy fire hoses when they are required. They come in a variety of sizes, with capacities ranging from 50 to 500 feet of hose. They might be fixed to a wall or ceiling, or they can be mobile and move around the outside of the structure. Palladium Safety Solutions is the top [Hose Reel Drum Dealer](https://www.palladiumss.com/fire-fighting-equipments-hose-reel-drum-first-aid-indian-standard/) in the industry, offering high-quality products at affordable costs.
