

Protect & Secure PDFs - Security Powered by Altoprotectpdf.com

Altoprotectpdf.com is a multifunctional web solution that combines a simple intuitive design with a powerful toolkit accessible from any desktop or mobile device. It's doesn't matter if you're an advanced user or beginner, our free online platform will suit your demands perfectly. Besides, with Altoprotectpdf.com, you don't need to worry about your hard disk space being used up by unnecessary software. Forget about downloads and updates! In fact, all you need is a stable internet connection.

In order to start working with your files, click the "Choose File" button and drag and drop them into the box, or import them from a folder on your disk or from a cloud storage location. You can add as many files as you want, there is absolutely no limitation for it! Upon the upload of your file, you are able to perform all the necessary edits using our web tools. After your document has been processed, you have an option to quit the editor and save it to a disk or choose what else you'd like to do with it i.e. edit, sign, email, and so on.

The safety of your data is our main priority. Encrypted connections provide secure transmission of your information. Each of the files uploaded to www.althoprotectpdf.com are stored on an offsite secure server and automatically deleted in 24 hours.

With Altoprotectpdf.com you can:

- Forget about paid applications and downloads
- Upload and convert files in seconds
- Upload files in bulk
- Process files without any loss in quality
