Implementing a knowledge Warehouse with Microsoft SQL Server 2012/2014

\$165.00 USD

Microsoft 70-463 exam could possibly be for sale in your country for online proctored delivery.

Pricing doesn't reflect any promotional offers or reduced pricing for Microsoft Imagine Academy program members, Microsoft Certified Trainers, and Microsoft Partner Network program members. Costs are susceptible to change with no warning. Pricing won't include applicable taxes. Please confirm exact pricing with the exam provider before registering to adopt an exam.

Effective May 1, 2017, the present cancellation policy is going to be replaced as a whole with all the following policy: Cancelling or rescheduling your exam within 5 business days of your respective registered exam time is at the mercy of a cost. Neglecting to make an appearance on your exam appointment or otherwise rescheduling or cancelling your appointment no less than Twenty four hours ahead of your scheduled appointment forfeits your complete exam fee.

Skills measured

70-463 exam measures your skill to achieve the technical tasks the following. The percentages indicate the relative weight of every major topic area about the exam. The higher the percentage, the harder questions you may well see with that content area about the exam. View instructional videos in regards to the number of question types on Microsoft exams.

Do you have feedback concerning the relevance of the skills measured on this exam? Please send Microsoft your comments. All feedback will probably be reviewed and incorporated as appropriate while still maintaining the validity and toughness for the certification process. Remember that Microsoft is not going to respond straight to your feedback. We thank you for input in ensuring the quality of the Microsoft 70-463 Certification program.

In case you have concerns about specific questions about 70-463 exam, please submit a test challenge.

When you have other questions or feedback about Microsoft 70-463 Certification exams or about the certification program, registration, or promotions, please call your Regional Service Center.

As of February 18, 2016, 70-463 exam includes content covering both SQL Server 2012 and
